(a) The Contracting Officer may, at any time, by written order to the Contractor, require the Contractor to stop all, or any part, of the work called for by this contract for a period of 90 days after the order is delivered to the Contractor, and for any further period to which the parties may agree. The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Contractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within a period of 90 days after a stop-work is delivered to the Contractor, or within any extension of that period to which the parties shall have agreed, the Contracting Officer shall either -

(1) Cancel the stop-work order; or

(2) Terminate the work covered by the order as provided in the Termination clause of this contract.

(b) If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, the Contractor shall resume work. The Contracting Officer shall make an equitable adjustment in the delivery schedule, the estimated cost, the fee, or a combination thereof, and in any other terms of the contract that may be affected, and the contract shall be modified, in writing, accordingly, if -

(1) The stop-work order results in an increase in the time required for, or in the Contractor's cost properly allocable to, the performance of any part of this contract; and

(2) The Contractor asserts its right to the adjustment within 30 days after the end of the period of work stoppage; provided, that if the Contracting Officer decides the facts justify the action, the Contracting Officer may receive and act upon the claim submitted at any time before final payment under this contract.

(c) If a stop-work order is not canceled and the work covered by the order is terminated for the convenience of the Government, the Contracting Officer shall allow reasonable costs resulting from the stop-work order in arriving at the termination settlement.
(d) If a stop-work order is not canceled and the work covered by the order is terminated for default, the Contracting Officer shall allow, by equitable adjustment or otherwise, reasonable costs resulting from the stop-work order.

F.2 TERM OF CONTRACT (NOV 2004)

The term of this contract consists of a transition period, not to exceed three months, and a base period of performance of five years. However, at the Government's sole discretion, this contract may be extended five additional years by exercise of one option period pursuant to the clause in Section I, FAR 52.217-9 entitled "Option to Extend the Term of the Contract."

F.3 PLACE OF PERFORMANCE (NOV 2004)

The principal place of performance under this contract shall be Oak Ridge, Tennessee. Some of the activities shall be conducted in designated facilities owned or leased by DOE.

F.4 TRANSITION ACTIVITIES (JUL 2005)

(a) During the period of transition, specified in the clause in Section F entitled “Term of Contract,” the Contractor shall perform those activities necessary to be prepared to assume responsibility for the contract work on April 1, 2006. The Contractor shall coordinate its activities with DOE and the incumbent contractor so as to accomplish these activities in a manner that will provide an effective transition of personnel and work activities while minimizing the cost of this effort. The scope of activities that are to be performed and the funding available during this period shall be subject to DOE approval.

(b) The Contractor shall utilize any government furnished facilities and equipment that are available in order to minimize costs.
