

# THE ONE THAT GOT AWAY

Using Emergency Preparedness Leadership  
to Land the Unexpected Catch

WSRI0082SBRF000100

Annual Meeting • May 14 – 17, 2012 • Marriott Renaissance Seattle Hotel • Seattle, Washington

# “Fishing 101”

- In this presentation we will address “Lessons Learned” from a drill event that took an unexpected turn and “got away”.

# Tackle Box....

- We have all conducted or participated in a drill that took an unexpected turn .....

# Using Live Bait..

- But.....

have you ever had a drill that just flat out..... got away?

# Fundamentals of Fishing

- Lessons Learned/Best Practices from previous EMI/SIG Conferences
- Drill Simulation Improvement Initiatives (Program Improvement)
- Thinking Outside the Box
- NPH Events/Non Typical Injuries

# Fishing Lures

- Bait and tackle
- Smelling something *fishy*
- Unexpected catch

# “OFF THE HOOK”

- “Lessons Learned” from a drill event that took an unexpected turn and “got away”.

Earthquake:  
Head Injury

NO SMOKING AREA

# Catch of The Day

- Increased realism must be accompanied by Increased Controller diligence.
  - Good things come to those that *bait* because a *reel* expert can *tackle* anything.
