Discussion Points:

**Hazards Assessment Subcommittee Meeting.**

This meeting will be conducted during the EMI SIG Meeting, on Monday, May 2, 8:00 a.m. to 12:00 noon.

The attached draft agenda was developed during the call. Any changes should be sent to Dorothy Cohen by return e-mail.

**Hazards Assessment Subcommittee Exhibit.**

Chuck Rives has put together content for this display, which will also be turned into a product for the subcommittee. It is a consequence assessment overview for individuals who are not consequence assessment managers. Chuck will send to Dorothy for distribution through listserv. Any suggested changes should be sent to Chuck as soon as possible.

## Round Robin

Pantex: **Chuck Rives** – Pantex is preparing for a visit by the Defense Nuclear Facility Safety Board next week, with the focus on emergency management.

Hanford: **Larry Campbell** – Site is maintaining and revising hazards assessments.

Savannah River Site: **Wayne Davis** – Writing new procedure on doing hazards surveys and is developing new hazards assessments.

Oak Ridge National Laboratory: **Jeff Long** – Preparing for full-scale exercise this summer and for OA-30 visit in September.

BWXT Y-12 NNSA Security Complex: **Robert Gee** – Site is (1) maintaining and revising hazards assessments (regrouping HAs to correspond with current facilities); (2) conducting exercises related to new chemical processing facility; (3) Meeting with OST re OST-Host Site Interaction; (4) working on Y-12 Response Guides.

OST: **Bob Cornish** -- Reviewing new guidance on OST - Host Site Interaction and revising HAs.

### Next Meeting:

The Next conference call will be conducted on June 15 at 2:00 P.M., Eastern Standard Time.
