Roll Call

Michele Wolfgram conducted a roll call and noted that 12 working group members were participating in the teleconference.

Administrative Matters

Cliff Glantz and Michele mentioned that the EMI SIG Meeting was approved and will be held in Chicago, Illinois, May 6-8, 2013. A short online registration period will occur in February, and a Call for Presentations has been issued with a January 25, 2013 submission deadline. The approval came with attendance limitations, which will be mostly met through smaller numbers of professionals attending from each DOE site.

Old Business

12-02: Evaporating Liquids (Activity continuing)

At the last STWG teleconference, Chuck Rives discussed the development of an evaporating liquids product similar in scope and content to the slide show that was developed in 2011. Chuck is developing a statement of work for STWG review and NA-41 buy-in. Chuck reported prior to the teleconference that Steve Homann and Maureen Alai provided information on EPIcode and NARAC, respectively. In addition, Carl Mazzola mentioned that he did provide materials he used many years when he was training safety analysts at EFCOG SAWG conferences. There were inputs expected from other members of the group, but they were not

available on the call to comment. Chuck intends to present this product at the EMI SIG Meeting in May.

New Business

No new business was brought to the floor.

Next STWG Meeting

The next STWG teleconference will be scheduled as needed.

Adjournment

The meeting adjourned at **1:09 p.m. EST**. Michele thanked everyone for their time and contributions.
