EMI SIG Annual Meeting

JD reviewed the details for the annual meeting. Registration is still open on the [EMI SIG website](#) for those who can attend but have not yet signed up. Since there are multiple technology presentations taking place during the annual meeting JD has determined the TECHWG may want to have at least one person from the group at each concurrent session to capture any relevant information presented. More on session assignments at the Monday, May 2nd, TECHWG meeting.

Jeff gave an overview of the Charleston Port tour being coordinated by ORISE. It will take place on the morning of May 5th. Tour will take approximately an hour once on Wando Welch Terminal in Mt. Pleasant, 400 Long Point Road. All attendees must provide name, date of birth, and drivers license number/state for Port Police to process the tour. This information is required for Port Police to perform a wants & warrants on ALL visitors to the facility. Everyone without a TWIC – Transportation Worker Identification Credential will be escorted per post-9/11 guidelines.
