EMI SIG Annual Meeting

Amparo Atencio noted final deadlines and opportunities for the annual meeting, including meeting registration, lodging reservations, and award nominations.

The group discussed items for the TS Workshop, scheduled for May 3:

- Morning sessions will consist of two informational presentations.
- Afternoon sessions will be collegial discussions on status of objectives core groups.
- A conference call line will be available for those who wish to participate by teleconference; web conferencing will not be available.

The group also discussed the following items relative to the TS Display:

- Preparation of flyers promoting the newly revised Designing Exercise Objectives and Designing Exercise Scenarios (DEO/DES) online tutorials. Note: After the meeting, Amparo learned that in addition to a DEO/DES display, a demo at the TRADEing Post is planned.

- Bob Burger plans to provide approximately 60 CDs with SNL training materials for display giveaways.
- Copies of the Subcommittee Report to the Steering Committee will be available at the TRADEing Post.

Report to the Steering Committee

Bob Burger finalized the report of TWG/TS accomplishments for the Steering Committee. ORISE edited the final version of the report, which was submitted to Dorothy Cohen in March 2010. The report will be presented to the Steering Committee during the annual meeting.
