

Free CME Course

Agents of Opportunity for Terrorism

Toxic Radiological Materials (TRMs), Toxic Industrial Chemicals (TICs), & Toxic Industrial Materials (TIMs)

SAVE the DATE

19-20 September 2013

Produced by
The Radiation Emergency Assistance Center/ Training Site (REAC/TS)
and
The American College of Medical Toxicology (ACMT)

Supported by:
The Office of Environmental Health Emergencies National Center for Environmental Health/ Agency for Toxic Substances & Disease Registry (NCEH/ATSDR)
and
Centers for Disease Control & Prevention (CDC)

No Charge for Course, Course Materials and CME Credit

Location

Lincoln Memorial University -
DeBusk College of Osteopathic Medicine
6965 Cumberland Gap Parkway
Harrogate, Tennessee 37752

Registration Both Days 7:00-7:45 AM Thursday and Friday

Course Overview

In recent years there has been growing concern that many of the most likely terrorist threats will involve “agents of opportunity” or materials that are readily available in most communities around the country.

This two-day course is designed to familiarize healthcare providers and others who might have a role in planning and preparations for an emergency response to toxic exposures with a variety of toxic syndromes. The course will review the medical and psychological consequences of exposures to a variety of materials.

The Radiation Emergency Assistance Center/ Training Site (REAC/TS) and the American College of Medical Toxicology (ACMT) are pleased to offer this course on emergency medical response to exposures from radioactive materials and toxic chemicals. The Office of Environmental Health Emergencies, within the National Center for Environmental Health/Agency for Toxic Substances & Disease Registry (NCEH/ATSDR) at the Centers for Disease Control & Prevention (CDC), has supported independent development of a one-day Agents of Opportunity (AoO) course by the ACMT and a one-day course in Radiation Emergency Medicine (REM) by REAC/TS.

The Oak Ridge Institute for Science and Education designates this live activity for a maximum of 12.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

The Lincoln Memorial University DeBusk College of Osteopathic Medicine has requested that the AOA Council on Continuing Medical Education approve this program for 12.5 credits of AOA Category 1-A CME credits. Approval is currently pending.

Workshop speakers have no actual or potential conflict of interest in relation to this program or presentation.
