DOE

SCHOLARS PROGRAM

The **Federal Energy Management Program (FEMP)** administers a special DOE Scholars Program for Veterans who are college students and recent graduates. This program is designed to increase the agility and skills of the potential federal workforce through training, including enhancing opportunities for veterans aligned with DOE's emphasis on catalyzing federal infrastructure investments while strengthening national energy security and resilience, cybersecurity, and building optimization.

Explore the possibilities!

Eligibility: U.S. Citizens Only. Undergraduate and graduate students pursuing a degree or recent graduates who have a degree in a science, technology, engineering or mathematics (STEM) discipline or in a discipline that supports the DOE mission.

Locations: Veterans are selected by the Federal Energy Management Program which places Scholars at federal agencies in the Washington, D. C. area.

Duration: June 3 - August 9, 2019

Benefits: Stipends are \$750 per week, housing allowance of \$300 per week and daily commute expenses of \$20 per week. Inbound and outbound travel to and from the appointment site will be reimbursed up to \$1,000 for participants living more than 50 miles one way from their appointment site.
