

ORISE Participant Highlight Form

ORISE is lucky to have so many great fellows/participants and mentors in our ORISE Research Participation Programs. We would like to be able to highlight the profiles of our active fellows, alumni, and mentors on our website, on our social media accounts, in newsletters, videos, or press releases.

Do you have a mentor, fellow or alumni in the Research Participation Program whose accomplishments you would like to see highlighted through ORISE? Please submit the following information to your project manager at HHSrpp@orau.org. Once received, this form will be submitted to the department that develops Participant and Mentor Stories. The corresponding departments will be in contact with the fellow and/or mentor to develop their profile.
