

Research Advisor

Confirmation of Commitment

The IC Postdoctoral Research Fellowship Program was established in 2000 to fund unclassified basic research in areas of interest to the Intelligence Community (IC). This program provides opportunities for recent doctorate degree recipients to gain real-world research experience in a unique environment.

Postdoc appointments typically last for twenty-four months, with an initial appointment of twelve months and a subsequent twelve month renewal. The Program has the discretion to fund a third year, if outlined in the original proposal.

The IC Postdoc Program requires each postdoctoral applicant to partner with a Research Advisor for the submission of their application. Please identify the applicant whose proposal you are committing to support if an award is granted. Your signature below confirms your willingness to serve as the Research Advisor for this applicant.
