Eligibility:

This program is designed for underrepresented students in STEM; however, anyone can apply.

Students must meet the eligibility requirements and apply for either the Community College Internships (CCI) or Science Undergraduate Laboratory Internships (SULI) Programs. Both opportunities are paid internships at ORNL for summer 2020.

Highlights:

- Selected students spend 2.5 days on-site at ORNL learning about research opportunities.
- Students interact with researchers, attend scientific seminars and participate in facility tours.

Program Provides:

- Travel to and from Oak Ridge, TN
- Lodging, on-site transportation and some meals
- All materials and supplies

For more information, please contact ORNLMiniSemester@orau.org
