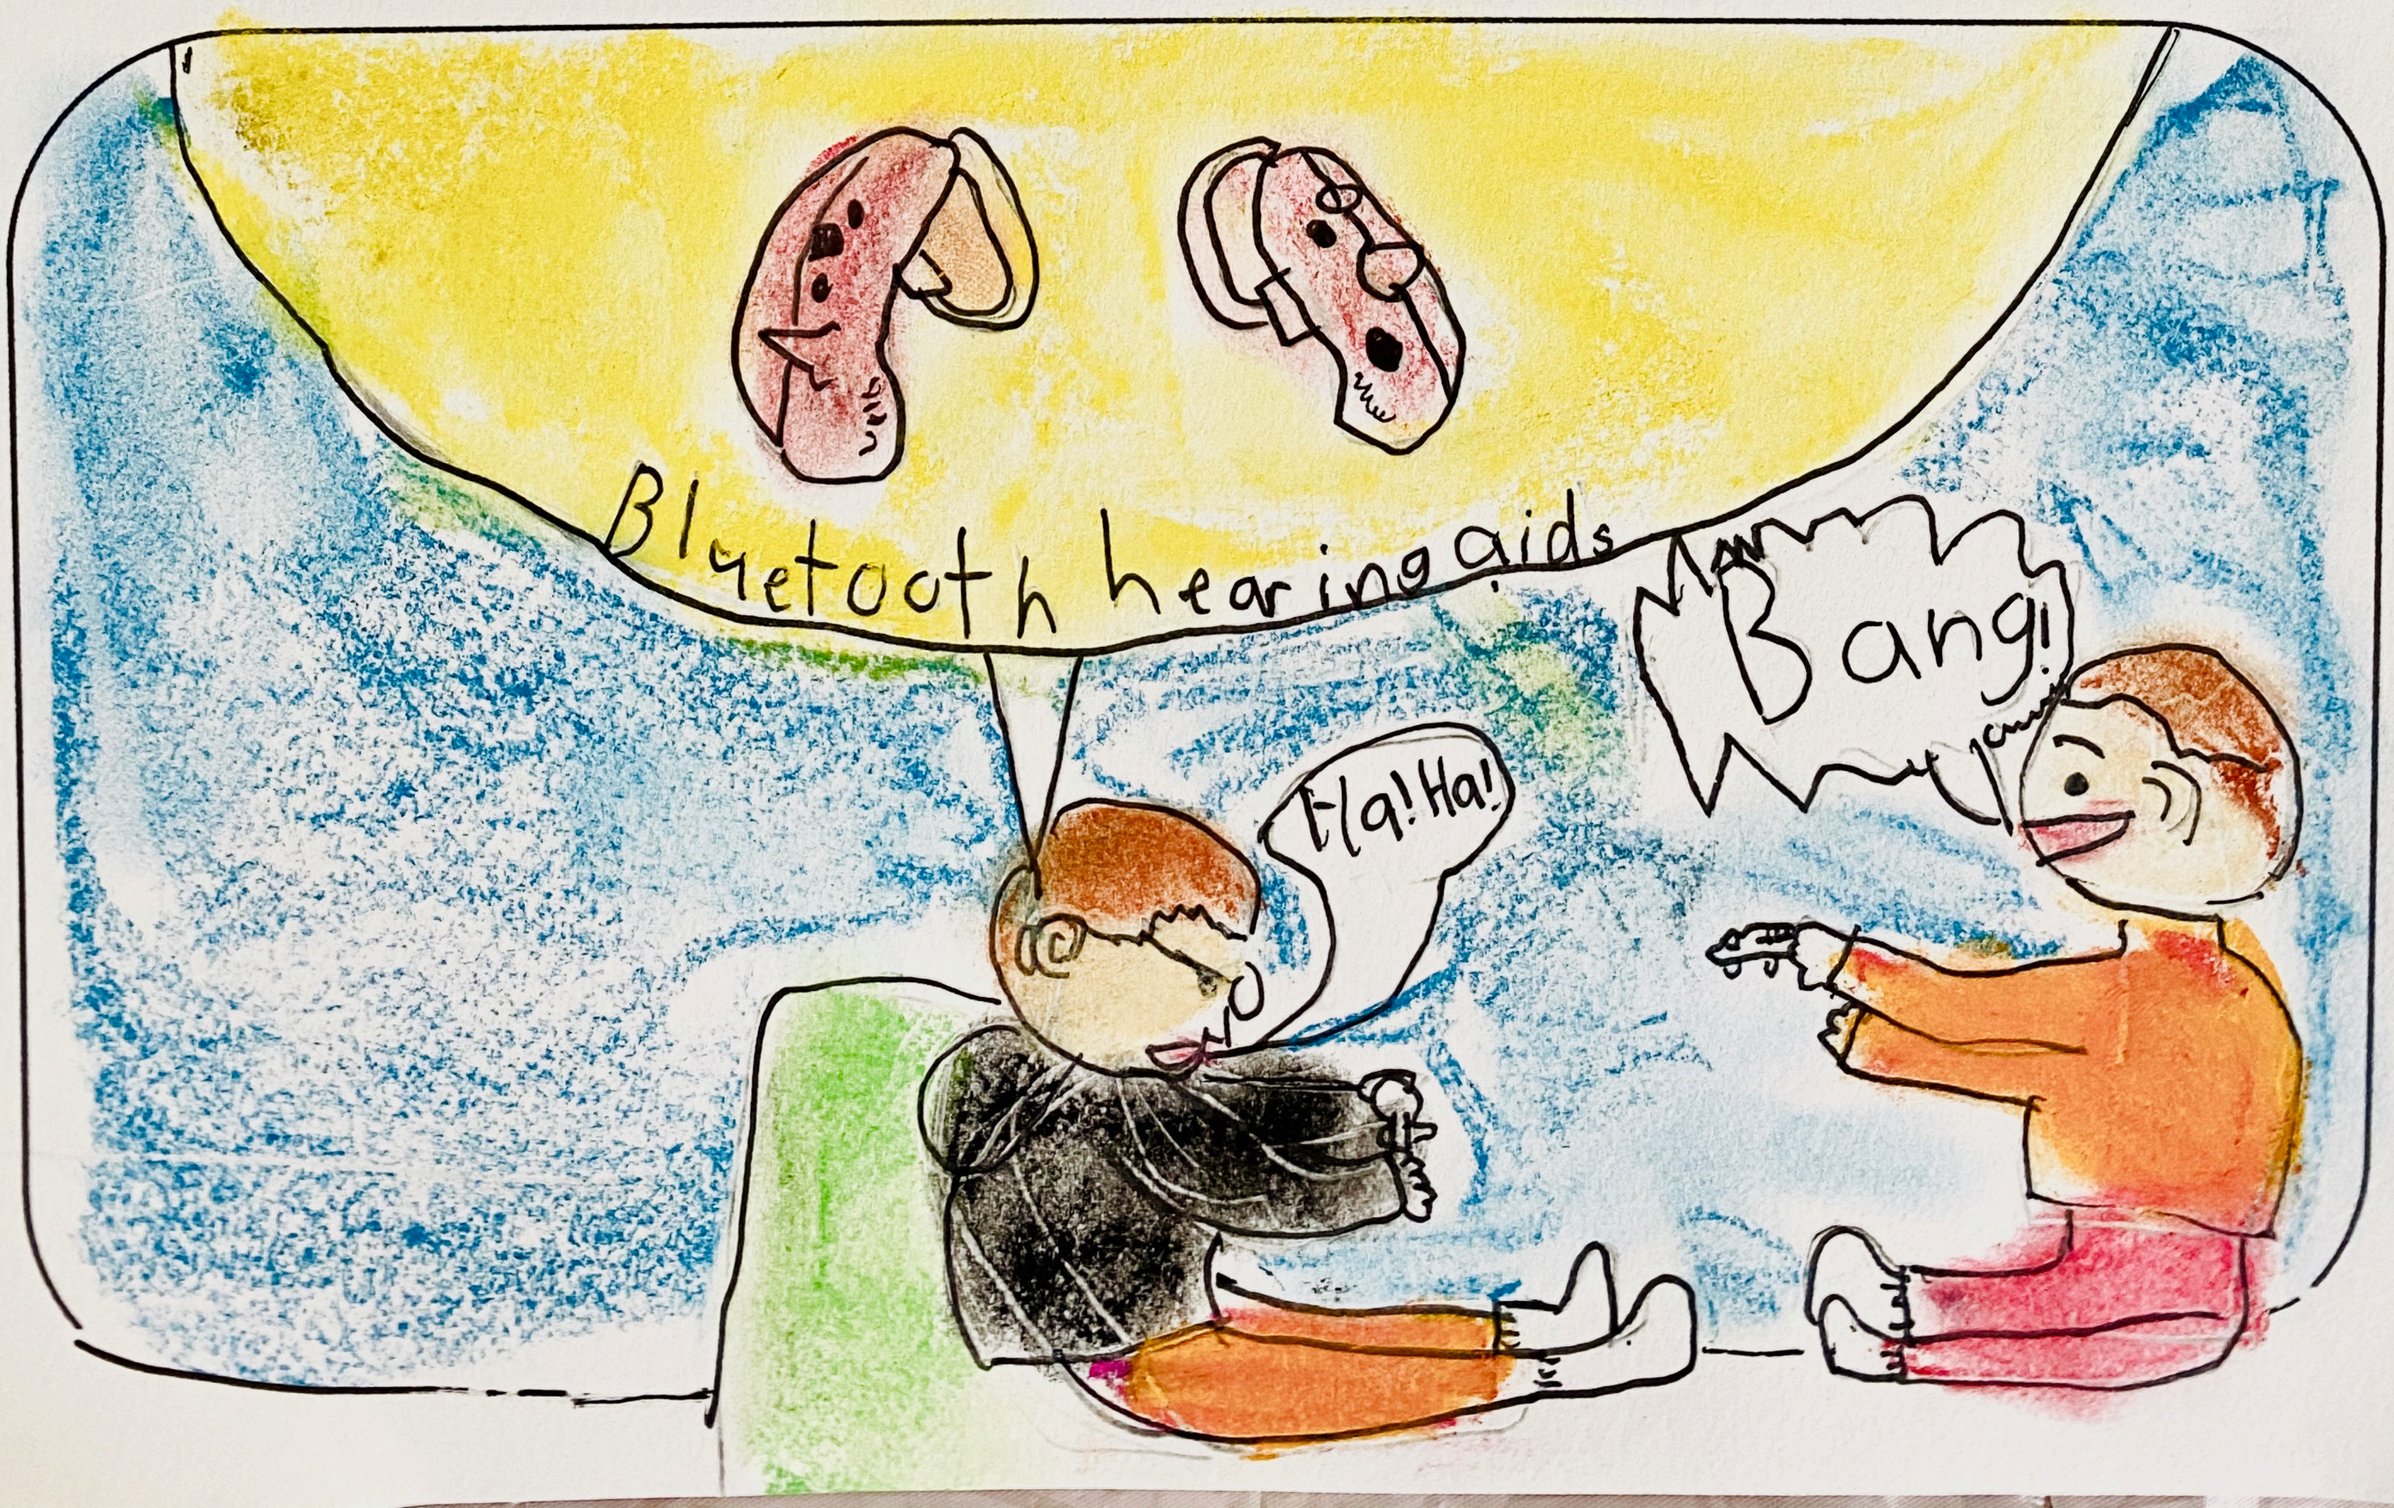
OAK RIDGE INSTITUTE FOR SCIENCE AND EDUCATION

Name: Jayden

I ♡ Technology Student Challenge


My favorite technology is my brother's Bluetooth hearing aids. I love playing with my brother, but without his hearing aids, we can't play because he can't hear well. I like to play a game called Brawl stars together. We play on the same team, so we need to talk to each other. I also really like my brother because he is diffrent from others. I think his hearing aids makes him speacial. His Bluetooth hearing aids can connect to my TV, so we can watch a movie together. I really thank to the person who made the technology of hearing aids for my brother, so we can play together.
