

I ♥ Technology Student Challenge

What's your favorite Technology?
 Mine is a Computer because you can play games, watch videos, and learn how to program. At school, for example, if you go search clever.com it will pop up a username and password box. Just put in your username and password then you're in and now learn all you want. At school I do Powerpoints with my computer. Right now I'm working a Powerpoint about Martin Luther King Jr. Also I read and do math. In computer class I learn how to type.

clever.com

I ♥ Technology Student Challenge

At home I use a computer for lego league and learning. I program my wedo 2.0 robots to move. When my mom and dad tell me to practice my piano, I find music on YouTube to play. In my freetime I play chess and watch movies. I also watch Discovery Ed on the computer. A game I like to play on the computer is Meow Match because it is like Candy Crush but in a cat way. The reason I really like Laptop computers more than

I ♥ Technology Student Challenge

ipads, Kindles TVs, smart phones and other devices is because you can do so many different things.
